Scholastic Basketball Schedule for Today

Camden High School vs. Atlantic City High School, at Atlantic City. Philadelphia Trades School vs. Wilmington High School, at Wilmington High.

Darby is famous for many things athletic its baseball teams, football eleven and basketball quintets. There is one institution in Darby, however, that is making a record for 1916. It is the Darby High School, which yesterday won the big game of the season by defeating Swarthmore by a score of 33 to 15.

For by winning from Swarthmore High in the important contest yesterday Darby High took first place in the Delaware County High School Athletic League with a record of two games won and none lost, with the strong, pennant-aspiring Garnet quintet relegated to second position, with two victories and one defeat, while Swarthmore and Chester High are tied for the honors.

The league standing, revised to date, follows: Darby High School, 2-0, 1,000; Swarthmore High School, 1-1, 500; Chester High School, 1-1, 500; Lansdowne High School, 0-2, 0.

Teamwork tells the story of Darby's success in the game with Swarthmore. Though Pearl and Spahr did the scoring, securing all the points for the winners, it was the quick, short passes by Captain Frauton, Carpenter and McDougall that helped materially in clinching the game. Pearl alone scored 23 of the entire total of 33 points, the other ten being made by Spahr with five field goals.

Swarthmore High is not out of the running and still hopes to outwit Darby in the race for the pennant. The suburban athletes were leading up until yesterday, and they are going after Darby High with plenty of fight.

That's what Captain Yarnall said after the game yesterday and W. Wood, Place, E. Wood and Reese, other members on the Swarthmore quintet, are eager for another chance.

Indications which pointed to many close battles in the Delaware County High School Basketball League were given by the school fans, and they were not surprised when Darby upset Swarthmore's championship hopes. Tomorrow Swarthmore will either step into second place or take the lead. Darby and Chester High will play in the Swarthmore game in the contest which will break the tie between these two schools.

Temple Preparatory won a closely contested basketball game with the Salem High School athletes yesterday afternoon, leading by three points, 19 to 16, when the final shot was made by Temple. It presented a strong aggregation of players.

Coach Callahan officiated for one-half of the game and Mr. Nichol, director of the club, for the other half. The referee was for the other 20-minute period.

Thomas, the Temple forward, was the high individual scorer for the winning team with three field goals and five out of 10 goals from the foul line. Dilauro, the forward, scored only once from the scrimmage, while Fowlwell, at center, scored one field goal. Gray and Seitzinger alternated as guards, and Roberts, who played the other guard position, added a couple of field goals to the score.

As has been the case with so many players this season, Roberts was very weak at foul shooting, with three misses marked up against him. As Temple won by a margin of only three points, it can readily be understood that the students at Broad and Berks are on edge every time the ball was tossed toward the basket from the fifteen-foot mark.

Salem High showed unexpected strength. In reviewing the work of the Salem players, Sheppard was easily the star, with three field goals and five out of 10 goals from the foul line. Fox tallied two field goals and Sullivan only one from his position as guard. Lummis, center, and McDonald, guard, were both on their toes every minute of the time and helped to keep Salem in the running.

St. Luke's School opened its 1916 basketball season yesterday afternoon losing to the Wilmington Friends' School team by a score of 22 to 23. Coach Frost tried out a number of new men and, while the club did not show up so well in the initial contest, he thinks it will have more experience the Wayne athletes will win their games. Sargent and Conrad played forward; Vidmer was center, and McElvey and Baxley were guard positions. Vidmer and Sargent led in the scoring for St. Luke's School.

INTERCITY RACQUETS MATCH ON TOMORROW

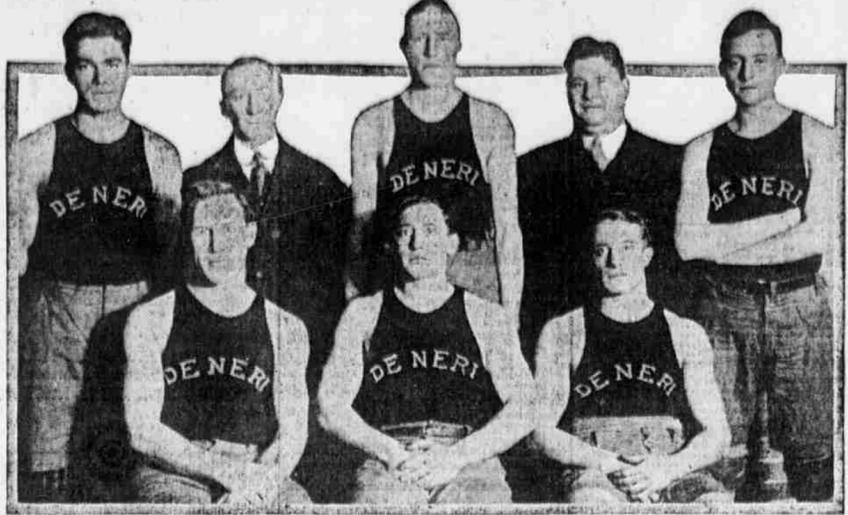

New York and Philadelphia to Meet at Racquet Club in Opening Contest

Philadelphia and New York will meet in the first of the intercity court tennis and racquets matches at the Racquet Club tomorrow and some very interesting play should be witnessed at both places. There will be one match at court tennis and two at racquets. Jay Gould will be unable to play for Philadelphia at court tennis and his doubles championship partner, W. H. T. Hahn, will be paired with Edgar Scott. The Racquet Club pair will be opposed by C. E. Sands and Fayza Whitney and the contest should prove extremely close and interesting.

George H. Brooke and Joseph W. Wear will be Philadelphia's first pair in racquets and they will probably have as opponents C. C. Pell and Stanley G. Mortimer, the national doubles champions. This match should prove a particularly interesting one, but the probabilities are that the champions will prove a little too good for the local pair. C. S. Bromley and W. J. McGill will do duty for Philadelphia in the match for second place and the New York teams will be H. H. Bellwood and selected from G. M. Hedges, John Waterbury and George Hedges. Provided Bromley and McGill win their true form they should place the trophy in the hands of Philadelphia.

The return matches will be played in New York on Saturday, January 15.

CHESTNUT HILL ACADEMY ADOPTS RIFLE SHOOTING

Gun Club With 25 Members Organized by Professor Jamison

REVIVAL OF SPORT

With the talk of national defense, preparedness and military training in the air, along with the rumor that the schools and colleges are considering the formation of undergraduate militia, it was announced yesterday that Chestnut Hill Academy is to form the first rifle club in the history of the school.

Although rifle clubs were prominent in the public schools before the days when the supervisory committee came into power, the sport has never flourished extensively in the private schools and academies. At Chestnut Hill about 25 students have joined the colors and an application to the National Rifle Association has been made.

While waiting for the official result of the application, the members of the club are drilling several days each week under the direction of Professor Jamison, a member of the New Jersey militia. A rifle range is being installed in the basement of the academy and target practice will soon begin. Another range will be built in the open as soon as the weather permits.

It would not be at all surprising if a few runners to the formation of rifle clubs among the local schools. Several years ago the National Rifle Association, Central High and Northeast all supported rifle clubs and a wide interest was shown; but when the control of the Supervisory Committee became prevalent over public school athletic events the rifle shooting was tabooed.

About the time that the shooting was stopped the city had well-organized leagues and often correspondents' matches were held with institutions out of town. At that time prominent men in the circles of the national guard were interested in the scholastic gunners.

M'LOUGHLIN CASE TO BE SETTLED FEBRUARY II

U. S. N. L. T. A. Will Make the Final Decision, Is Report

NEW YORK, Jan. 14.—The amateur question will be thoroughly threshed out at the annual meeting of the United States National Lawn Tennis Association, which will be held at the Waldorf-Astoria Hotel on February 11. The action of former national champion, Maurice E. McLoughlin, and Thomas C. Bundy, of San Francisco, in opening a sporting goods store has stirred up tennis circles. President R. D. Wilson, of the National Association, who was a delegate to the recent conference to define an amateur, voted for a stricter definition of an amateur, and as he was the representative of his organization, there is no loophole for the organization to straddle the question, even if it desired to take such action.

HILLMAN PAYS GREAT TRIBUTE TO ABILITY OF WORTHINGTON

Dartmouth Athlete Is Said to Be One of the Best All-Round Performers in College Ranks Today

"The best all-around athlete I have ever seen at Dartmouth, and if he concentrated would be the best in the intercollegiate world."

This is Coach Harry Hillman's tribute to Harry Worthington, intercollegiate and A. A. U. champion broad jumper and a splendid football player. Hillman, a good judge of athletes, for he knows the best in the college and amateur world. Right now Hillman is coaching Worthington for the pentathlon, which will be the feature event of the first day of the Pennsylvania's relay carnival this spring. Last year Worthington, with only a few weeks' training, was a close second to Howard Berry, of Pennsylvania, for the pentathlon. Without making any pretenses for the defeat of his man, Coach Hillman is confident that Worthington will beat Berry this time.

Worthington has another ambition which Hillman thinks he will realize here in his days of college competition are over. That is to make a new intercollegiate record for the running broad jump. Worthington now holds the record. A. C. Kraenzlein, of the University of Pennsylvania, made the present record of 24 feet four and a half inches, back in 1902. But Worthington has been hovering around the 24-foot mark ever since and may get it at any time, particularly since he still has two years of intercollegiate competition.

Worthington is a wonderfully consistent jumper. Last year he won the intercollegiate event with 22 feet 10 inches. Furthermore, he distinguished himself by a 24-foot mark ever since and may get it at any time, particularly since he still has two years of intercollegiate competition.

GEORGE BRICKLEY IS BARRED BY TRINITY

Advisory Board Settles Case After a Long Session

HARTFORD, Conn., Jan. 14.—George Brickley, widely discussed all over the East because of his connection with the Trinity football eleven last fall and the refusal of several colleges to play Trinity, has been barred from further athletic competition at Trinity College, according to the new athletic eligibility code which was passed by the advisory board.

The clause that bars Brickley states that no student shall be eligible who has been a member of a baseball team belonging to a classified league or association under the so-called National Association of Baseball Leagues.

GRANTLAND RICE IS VICTOR AT PINEHURST

Sports Scribe Is Low Man in Advertising Men's Golf Tournament

PINEHURST, Jan. 14.—The golfing advertising men, who have been hard at it since Monday, yesterday wound up their long siege of medal play, by four days of which, on 72 holes, their various class championships were decided. The new champions in the three classes are as follows:

Class A, Grantland Rice, Englewood; Class B, C. T. Russell, Ardley; Class C, F. E. Nye, Dunwoode. These made the best scores for the 72 holes in their respective classes. Rice is the real champion, succeeding E. T. Manson, since he won in Class A. He went over the No. 3 course this afternoon in 72 holes in 80. Rice's card for today's tournament. He did a 78 yesterday. His four days' play consisted of 88, 83, 78, 77, 37. Following him came E. T. Manson, Francis Schuman, with 37, Marshall Whitlatch, Baltimore, 34, and Roy Barnhill, Fox Hills, 36. C. T. Russell's total gross in Class B were 55 and in Class C Nye became the champion by negotiating the 72 holes in 60. Rice's card for today's Out..... 3 5 5 4 3 3 4 5 4-37 In..... 3 5 4 5 5 4 5 4 5-40-77

As Rice already had won a gross score prize for a single day, that trophy went to Barnhill, of Fox Hills, who did a 78. There was a tie for the best net of the day done by R. L. Whitton, Beverly, and A. L. Foster, Dunwoode, each with 89, 14, 76. C. McCormick, of Brunswick, won the prize for the best net for 72 holes in this division. His net card was 92.

To Honor "Johnny Poe"

PRINCETON, N. J., Jan. 14.—Permission was granted the class of 1905 by the Board of Trustees of Princeton University at a meeting here to raise money for an athletic field to be erected in memory of "Johnny" Poe, who was killed in France while fighting with the Entente Allies. Poe was famous as a football player during his college days at Princeton, and was the hero of several grueling contests. Plans were made by the board for university extension work and gifts of \$4,576 were announced. Governor Fielder, of New Jersey, presided at the meeting.

Witt's Highflyer Wins

ROGER SPRINGS, Tenn., Jan. 14.—Witt's "Highflyer" won the All-American Field Trials Derby stake of the All-American Field Trials Club on over the club's preserve here. Second place was awarded to Shore's Carolina Belle, another pointer, owned by T. W. Shore, of Salem, N. C., and handled by Yount.

HARRY WORTHINGTON

than 23 feet. He went to the A. A. U. championships at San Francisco with the Boston A. A. team last summer and won with 23 feet 10 inches. Worthington is also a good football player. Although never having played college football he was influenced to go out for the team in the middle of last season and immediately became one of Dartmouth's best gridiron players.

HIBS TO MEET BETHLEHEM IN CUP CONTEST

Many League Matches Also on Soccer Card for Tomorrow

RANGERS VS. BOYS' CLUB

The third round National Cup game between the Hibernians and Bethlehem at Bethlehem tomorrow cuts two scheduled American League matches from the list. Bethlehem was due to play Victor and Dilston and the Hibernians were to meet. Both these games are off, and the only American League contest will be between the Rangers and the Boys' Club at Front street and Erie avenue.

Moorestown and Philadelphia will clash in the only first division Cricket Club League game, and the former, by winning, will take the lead. The championship in the second division will rest on the Merion second vs. Pennsylvania contest at Haverford. As Penn defeated Merion easily last Saturday, the Red and Blue should win just as handily tomorrow, and victory will place the Quakers a point to the good over Haverford College, the present leaders.

Important games are listed in all divisions of the Allied League and in the Industrial, Playground, and North Penn Leagues. A "friendly" of unusual interest will be staged at the Tacony Ball Park between the pick of the Blue Mountain League, of Bethlehem, and the Dilston A. A. First Division.

Eastern League Standing

Greystock 19 6 250 De Neri 19 12 450 Reading 11 10 500 Trenton 10 12 425 Camden 10 12 425

SCHEDULE FOR TONIGHT, Camden at Greystock.

Reading's hopes of passing the leading Greystock quintet in the Eastern League basketball race were at least temporarily sidetracked last night when the tail-end Jasper quintet defeated the Bears by a score of 35 to 21.

Manager Kennedy's Jewels played more like leaders than tail-enders. It was the first local appearance of Fuller, the former Paterson star of the Interstate League, who was signed when Bill Kummer decided to return to his home at Butler, Pa. Fuller fits in nicely in the team play of the Kensington quintet. He scored one field goal last night, made a timely assist to Sedran and held Andy Sears, the star of the Reading team, to a single field goal.

Fuller is by no means a stranger to his teammates. Several years ago he played on the Newburgh team in the Hudson River League with Sedran and Friedman. Before joining Jasper he displayed sufficient skill last night to warrant him a regular place at forward.

Sedran was the star of the contest for the Jewels. He registered six field goals, though guarded by Morris, and converted 15 out of 21 fouls into points. The Reading team was unable to make much progress against the close guarding of the Jaspers. Sears was off form in tossing fouls, bagging 11 and missing 8.

The defeat of Reading boosted Greystock's lead to 2 1/2 games, and enabled Camden, occupants of third place, to advance within a game of the Bears.

Manager Edward R. Williams' Riverton basketball team in a game played in Robert's Hall, Riverton, last night defeated Manager J. J. Williams' home-town team by the score of 69 to 29.

Williams' passers have been sweeping almost every team along the circuit in out-of-town affairs and last night the townsmen of Jersey were given an opportunity of seeing the sensational machine in action in the new hall, which will hereafter be the home dribbling floor for Williams' champions.

Creely and De Maria, perhaps the fastest pair of forwards in the independent circuit, displayed wonderful accuracy last night in mixing passes and shooting field goals.

As far as Pennsylvania is concerned, the game with Princeton tomorrow night is the most important of the season. If the Red and Blue team can get away with the game will have accomplished more than any Pennsylvania team in recent years—two successive victories in the intercollegiate League.

While Pennsylvania is tackling Princeton, the Blue team will be next. Princeton, in the Haverford gymnasium and Yale will engage Princeton in the Princeton game. Pennsylvania has both beaten Cornell by two points, so that the game between the teams here should be a "slip."

The game scheduled between Lehigh and Lafayette at Easton tomorrow has been postponed until later in the season.

The Camden City League is going along in first-class shape, even though the league doesn't get a lot of publicity.

Jasper went to a lot of trouble to have Billy Kummer reinstated into the good graces of the Eastern League management, but Billy went back to Jennette and he is going to stay there.

There isn't a chance for Lou Sugarman to desert Greystock. He didn't get to Reading last Saturday night because he was bumped hard at Friday night, and he had no use of walking into danger two nights in succession. Greystock, without Sugarman, is like a ship without its rudder.

Sugarman is attending the dental school of the University of Pennsylvania and he couldn't very well attend the State League team and attend his classes at the same time.

Some Institute plays its basketball games in a gymnasium with a dirt floor, quite naturally the ball isn't as lively as it is on a board floor and teams who play on such smooth floors are apt to be fooled on the dirt floor at Port Deposit.

Camden, with four straight victories, three of them over the Bear will be the attraction at Greystock this evening.

May Stage Big Fight in Open

NEW YORK, Jan. 13.—The proposed 10-round bout between Willie Williams, a heavyweight champion, and Frank Moran, which it was expected would take place in this city, was arranged to avoid conflicts of dates wherever possible, but a trip later by Moran, who is the promoter of the match that he cannot flat in March, if it later date is selected the bout will be staged in the open.

Stove League Closes April 12

CHICAGO, Jan. 13.—President Johnson, of the American League, yesterday said that the American and National League seasons doubtless will be held in 1916. The two schedules arranged to avoid conflicts of dates wherever possible, but a trip later by Moran, who is the promoter of the match that he cannot flat in March, if it later date is selected the bout will be staged in the open.

ATLANTIC LEAGUE REORGANIZES TODAY

Meeting to Be Held at the Hotel Adelphia

The Atlantic League, which went out of business after two years of rough going, will be reorganized here this afternoon with an annual meeting to be held at Al Lawson, of Reading, Pa. Lawson conducted several minor revolutions against G. B. about a half dozen years ago.

The meeting will be held at the Hotel Adelphia, and representatives will attend from Potsville, Reading, Easton, Allentown, Bethlehem, Lancaster, Paterson, Perth Amboy and York. A circuit will be picked from the first seven teams, with either York or Perth Amboy as the eighth member.

Since the International League has definitely decided to vacate Jersey City, the reorganized Atlantic League may decide to move into the big Jersey town, which next season may be the largest city without a team in the country.

Whether the newly formed Atlantic League will make a start as an independent organization remains to be seen. Al Lawson, who presided over the old Atlantic League, was always an enemy of Organized Baseball, and he got along all right until he tried to expand his league into the Union League, taking in clubs like Philadelphia, Washington, Baltimore and Brooklyn. This league quickly went to smash.
